

Sandflare Innovations

Pioneering Digital Transformation from Riyadh

Hafiz A. H. & Mohammed Swalih

Q3 2025

**Founders: Hafiz A. H. (Software Engineer) & Mohammed Swalih
(Marketing Specialist)**

Launch Planned: Q3 2025

- **Vision:** To establish Sandflare Innovations as a global powerhouse in digital solutions, driving unparalleled innovation from Riyadh to the GCC, Europe, and India.
- **Mission:** To deliver transformative, client-centric technology and marketing services, powered by cutting-edge web app development and SaaS solutions, ensuring sustainable growth and market dominance.

About Sandflare Innovations

- Visionary technology venture set to launch in Riyadh, Saudi Arabia, fusing technical mastery with strategic marketing excellence.
- Inspired by Riyadh's dynamic growth and desert heritage, we are poised to redefine digital ecosystems with a Shopify-like platform and SaaS products.
- Co-founded by Hafiz A. H. and Mohammed Swalih, positioned to lead Saudi Arabia's Vision 2030 digital transformation.

- Web App Development (Across Stacks: .NET, MERN, Laravel, etc.)
- Mobile Application Development
- UI/UX Design
- Digital Marketing
- Video Production
- E-commerce Solutions
- Brand Identity Development
- SaaS Product Development

Detailed Service Offerings

- **Web App Development:** Delivering robust, scalable web applications using .NET, MERN, Laravel, and more, ensuring seamless performance.
- **Mobile Application Development:** Building cross-platform iOS and Android apps with Flutter, Swift, or Kotlin, integrated with web app backends.
- **UI/UX Design:** Crafting intuitive, user-focused interfaces for web and mobile apps to drive engagement.
- **Digital Marketing:** Executing data-driven campaigns to amplify web app and SaaS visibility.
- **Video Production:** Producing high-impact videos to elevate web app and SaaS launches.
- **E-commerce Solutions:** Developing a Shopify-like platform and integrated web apps using .NET, MERN, or Magento.
- **Brand Identity Development:** Designing distinctive brand identities to enhance web and SaaS ecosystems.
- **SaaS Product Development:** Creating innovative solutions to streamline operations in Saudi Arabia and the GCC.

- **Artificial Intelligence & Machine Learning:** Planned integration into web apps and SaaS for automation and personalization.
- **Virtual Reality & Augmented Reality:** Future immersive web app experiences for marketing and training.
- **Blockchain Technology:** Exploring secure web app and SaaS solutions for transactions and data security.
- **Internet of Things (IoT):** Envisioning connected ecosystems for web apps and SaaS products.

Why Riyadh, Saudi Arabia?

- **Strategic Hub:** Riyadh's unrivaled position as a gateway to GCC, European, and Asian markets, suited for web and SaaS deployment.
- **Vision 2030 Synergy:** Leading Saudi Arabia's digital transformation with innovative solutions.
- **Thriving Tech Ecosystem:** Harnessing Riyadh's talent pool, investment opportunities, and innovation hubs.
- **Business-Friendly Environment:** Capitalizing on government incentives and infrastructure for a web and SaaS hub.

- **Co-Founder: Hafiz A. H.**

- B.E. in Information Technology, University of Mumbai, 2024.
- Accomplished Software Engineer with unparalleled expertise in .NET, MERN, JavaScript, TypeScript, and cloud deployment (Vercel, Render).

- **Co-Founder: Mohammed Swalih**

- Marketing Specialist with unmatched proficiency in digital marketing, brand positioning, and client engagement.

- **Leadership Vision:** Uniting technical brilliance and marketing mastery to forge a world-class firm delivering a Shopify-like platform and SaaS solutions.

- **Revenue Streams:**

- Project-based web app and SaaS development (.NET, MERN, Laravel).
- Subscription services for marketing and platform maintenance.
- Enterprise-grade Shopify-like and SaaS solutions.

- **Operational Strategy:** Leveraging agile methodologies and stack-agnostic development for scalable, high-ROI solutions.

- **Growth Plan:** Forging partnerships and capitalizing on Riyadh's ecosystem for regional leadership.

- **SMEs:** Seeking cutting-edge web apps and SaaS solutions.
- **E-commerce Retailers:** Requiring Shopify-like platforms and web apps.
- **Technology Startups:** Demanding innovative web and SaaS solutions.
- **Enterprise Clients:** GCC, Europe, and India-based organizations seeking bespoke solutions.
- **Key Industries:** Retail, healthcare, education, hospitality, real estate.
